Subject: Apology

Dear Chiefs Acevedo and Carter,

I'm writing this to offer my most sincere apologies for the boorish behavior of Alex Jones during the recent 2nd amendment protest at APD HQ.

Mr. Jones was not invited by us and is not associated with TAG in any way. I found his actions divisive, immature, rude, hateful, and provocative in the worst sense of the word. I was especially aggrieved at Jones' hysterical antics because, as the video record shows, I started the rally with (roughly) the following statement:

"I'm here today armed with nothing but the Constitution. In addition to our right to bear arms, this great document preserves our right to peaceable assembly. The operative word there is PEACEABLE - lets keep it that way!"

While we at TAG may oppose APD on various points of policy, I want you to know that we, and I myself, respect and appreciate the consummate professionalism with which you and your officers have always conducted yourselves, in every single dealing I and other TAG principals have had with you.

Regards,

Chuck Young
